Simon Coronel - Manipulations

In 2009 in Beijing, Simon Coronel became the first Australian in over a decade to win an award at the FISM world championships of Magic and Illusion.

Now, after a year of preparation, he's prepared to unleash his skills on the rest of the world. **But this time, he won't be keeping any secrets.**

Dissatisfied with the curtain of secrecy that magic and illusion hide behind, Simon has decided to let the audience in – giving them an insight into his astonishing manipulations and dexterity.

In this fascinating and entertaining show, the audience will be treated to a master sleight of hand artist explaining exactly how and why he crafts his illusions. They will walk a fine line between knowing enough to appreciate what they're seeing, but not too much to spoil the illusion. Either way, they will leave completely, utterly amazed.

Simon Coronel is an international award winning Illusionist, Manipulator, and discerning gentleman. He has appeared on TV in four countries, performed in seven, and headlines regularly in Hollywood. His unique skills are constantly in demand around the world, whether as a keynote speaker or an entertainer at private parties. But only the classy ones.
